Update at a Glance

Greetings Brothers! I am writing this chapter update immediately following what has turned out to be an incredible summer semester. We had an incredible recruitment effort, saw an increase in general campus involvement, and had a great time while doing it! The house is looking better than ever as well and you can feel the excitement as we gear up for the 50th anniversary celebration!

As the summer semester came to a close we saw the transition of many of the campus councils. Through the ambitious purposes of our brothers, we now hold several important positions on campus such as:

- KSG President
- 3 Members of the IFC E-board (President, Judicial, Secretary)
- President of the Order of Omega
- 7 positions on the SAC and a Sweetheart as the President

We are doing our best to be known as the preeminent collegiate leadership development organization at KU.

The house itself has seen several improvements in the recent months as well. The BMA renovations were recently completed and will be occupied for the first time this Fall Semester. The BMA and kitchen decks were both rebuilt at the beginning of the summer semester, and various other projects were completed throughout the house such as painting and floor replacement.

Now, as we close out the summer semester, we can't help but look forward to what is to come with the much anticipated 50th anniversary celebration and this winter's pledge program. From where we are now, it seems as if it couldn't get any better!

Recruitment Update

As the state warmed up and we prepared to start yet another summer school term, we also prepared for our next recruitment effort. Through a variety of unique events and a new approach of having a few events at the school itself, we were fortunate enough to receive a total of 18 bids back. This combined with two bid recipients of previous recruitment semesters who have finally decided that Sigma Chi should be a part of their life; we expect to have a pledge class of 20 in the next year. This comes as a blessing, but we have our work cut out for us as our brotherhood will have 20 members in the winter, so we will be doubling the current size of our chapter. This pledge class is shaping up to be a very diverse group of young gentlemen coming from different lifestyles, backgrounds, and even countries of the world.

As we enter our fall work semester, we look forward to getting to know these young men even better than we already do. Several of them live in what has become known as the “Co-op Belt”, describing the region in SE Michigan in which the majority of the co-op jobs reside, and therefore we will be doing all we can to stay in touch via email, social media, and hangouts on the weekends.

Semi-formal - 2013

With the support some of our great alumni, our chapter had another fantastic semi-formal this year, as everyone and their date crowded into their cars and migrated to Windsor, Ontario for a night of ceremony and celebration. The luxurious Hilton on the Riverside was the hotel of choice, and as per tradition we took many happy photos of brothers, alumni, and dates, all excited in anticipation for the announcement of our new sweetheart. Following photos, we went to Enzo's Trattoria and enjoyed a well-prepared 4-course dinner, complete with great laughs, great times, and great brotherhood. After we filled our bellies with dessert, the chapter gathered around Lanie Belloli, sang to her "The Sweetheart of Sigma Chi", and thus elected her our newest Sweetheart. Afterward, many of the current brothers and alumni enjoyed aspects of Windsor's nightlife such as Caesar's casino and some of the local bars. Regardless of post-ceremony activity choice, all agreed that the event was a success, and our new Sweetheart was proud and thankful of her new title. As always, we had a hefty handful of alumni in attendance, but more attendance is always encouraged!

Sports and Vacations

Intramural Sports

This summer we had a great showing in the world of Kettering intramural sports. We secured 2nd place in Flag Football, 2nd place in Softball, and 3rd place in Soccer. There were quite a few close games and we attribute that to how young our sports teams were. A large number of our starting players will be returning this winter semester and we will be picking up a large class of very talented freshman to play as well as they begin their pledging of Sigma Chi. We have our eyes on the prize this winter and are going to do all that we can to bring home the Greek cup!

Long Weekend Vacations

Due to the Labor Day holiday, we had an extended weekend this past semester and several of our brothers took advantage of the extra time to go on vacations around the area.

One group of brothers and pledges went to the Noah's Ark water park in the Wisconsin Dells. This is the country's largest water park and has multiple large water attractions. After two days of fun in the sun and water slides, it was agreed that everyone had a fantastic time. Another group of brothers and friends went on a trip to the Silver Lake sand dunes for a weekend of camping and offroad adventures. Thankfully they, and their vehicles, all managed to return in one piece after having a great time.

Graduates and gallery

Graduating Seniors

With the end of the summer term we were faced with the reality that this was the final undergraduate term for several of the brothers in our house. Seven gentlemen from the House have now entered the Work Term Eternal, and have begun their journey into the professional world. The dynamic which this class brought to our house will be greatly missed, but in leading by example, their legacy will not be forgotten, but merely reflected in the remaining undergraduate members.

We would like to give special congratulations and thanks to Brothers Scott Hoffman (PC '10), Tylor Schlink (PC '10), Steven Kleeman (PC '10), Billy Dixon (PC '10), Robert Huisken (PC '10), Alec Walker (PC '10), and Ethan Sroka (PC '10), for graduating from Kettering University and for all that they have given to us in their time at 704 East Main St.
